

RIDE-ON POWER TROWELS

- ✓ Engineered for the professionals and entry-level user - **HOPPT®** Ride-On Power Trowels are the newest addition to our towelling range of equipment. Featuring 3 models of the Ride-On Power Trowels for your selection with reliability, great combination of power and size, it will be the perfect fit for your application needs.
- ✓ They are built to **produce high-tolerance concrete floors; as well as floor flatness and levelness** with quality features that are hard to find on other trowels.

Powered by : **Kubota** 

- ✓ **HOPPT® HRT888-MP** comes equipped with **Generation III Hydraulic Joy Stick Power Steering**.
- ✓ With the power and torque of the durable and dependable **KUBOTA® V1505-T Turbo-Charged, vertical 4-cycle liquid-cooled diesel engine** - these riding trowels are **powerful and responsive** due to their weight to horsepower ratio.
- ✓ The five-bladed rotor is driven by a **Super Heavy-Duty Gearbox**, allowing the power to be delivered where it is needed.
- ✓ Standard features include an electric-powered spray system, a built-in cup holder and 6 halogen lights (front and rear).
- ✓ For easier maintenance, these machines feature a removable front panel for easier access to the engine compartment.

FEATURING HIGH-QUALITY COMPONENTS & FEATURES

High Horse-Power KUBOTA® V1505-T for Maximum Power and Performance:
 : A Naturally-Aspirated Engine Complying to *EPA Tier 4, EU Stage III-A Emission Regulations 3-Cylinder Liquid-Cooled Diesel Engine, JAPAN*

Heavy-Duty Hydraulic Motors and Rotors to Withstand the Weight for More Control and Power

Generation III Hydraulic Joy Stick Power Steering for Smooth Manoeuvrability

- ✓ Raised Platform and Foot Pedals for Operator's Comfort
- ✓ Removable Front Panel with Quick-Release Rubber Latches for Easy Maintenance

Light Switch, Key Switch, 12V Charger (To Charge Mobile Phones and Electronic Devices) and Tachometer Together in One Convenient Location

Powered Retardant Spray System

Optional Pair of Dolly Jack Wheels Gets You Around the Job Site with Ease

Optional Lifting Bridle for Easy Transportation

Operator at Work with the Ride-On Trowel

RIDE-ON POWER TROWELS

Powered by : **VANGUARD** 

- ✓ **HOPPT® HRT338-M:** Powered by the torque and power of the 2-cylinder air-cooled **Vanguard® 35hp petrol engine**; and a centrifugal clutch, creating an economical heavy-duty double four feet (1.2m) diameter rider with the power needed for panning and the speed for finishing.

Lady Guest Testing Our HRT168-M

Powered by : **HONDA** 
ENGINES

- ✓ **HOPPT® HRT168-M: Powered by HONDA® GX690 petrol engine** represents our entry-level rider; complete with features found on our larger riders. They are equipped with high horsepower gasoline engines, heavy-duty drive trains and packed in easy-to-service frames. Our Standard-Duty Gearboxes and four-bladed rotors are proven performers in the field.

- ✓ **This Smallest Rider Still Packs A Punch.** For tight spots and smaller jobs, there are no better riders than the HRT168-M.
